

THE FIRST IMTA CHINA

The convention was held aboard Royal Caribbean's Quantum of the Seas August 8 through August 12. Since our official partnership in Shanghai this past April, 94 regional contests were hosted in ten major cities all over China, having attracted over 20,000 young contestants. One-hundred talents from different cities made their way into the final competition after a series of preliminary rounds.

The finalists were requested to compete in competitions that included jeans, swimwear, runway, fashion print, TV commercials, singing and dancing. The winners were awarded a scholarship to attend the IMTA LA 2018. Mr. Joey Hunter, of IMTA, was invited to be the chief judge of the final contest.
